### 📁 PROFESSIONAL EXPERIENCE

#### Intern at Photograde AI Full Stack web developer

12/2022 – 05/2023 | Remote, Bengaluru, India

I worked with cutting-edge tools such as React and Electron to build responsive and user-friendly interfaces. Additionally, I demonstrated my expertise in back-end development, utilizing technologies like Node.js, Express.js, and MongoDB to create robust and scalable solutions.

#### Mindfull gurukul || Skitii mobile app developer

06/2023 – 12/2023 | Mumbai, India

As a mobile app developer, here I've worked on react-native and express js + SQLite DB, in the application I've implemented both frontend and backend functionality of timer and multiplayer quiz features.

#### Intern at Livoto Livespace org Frontend devleoper

05/2022 – 11/2022 | Aurangabad, India

here I've worked on making MVP product, for which I developed Frontend batch file uploading, user auth and furnished their UI components
